For information or to make a referral call 218-834-7205.

Personalized home care and health services for the people of Northeastern Minnesota.

What we Offer

SuperiorHealth Community Care is a Class A Medicare-Certified home care agency.

We bring personal, quality home care and health services to individuals, families and companies throughout Northeastern Minnesota, including Lake and Saint Louis counties.

SuperiorHealth home care services allow you or your family member to receive a broad array of care at home. You stay independent and receive the health services you need.

Our home health care team consists of a team of highly trained professionals dedicated to clinical excellence, patient and family education, and personalized care.

Our community health services emphasize preventative care, education and community health concerns. **SuperiorHealth professionals can travel to schools, nursing homes, companies, community centers** ... virtually any place our services are needed.

Approach to Care

We understand that nothing is more vital to living the fullest life possible than good health. Our mission is not simply to treat illness. But to strive for a maximum level of wellness for every person we serve, based on their individual medical needs, desires and lifestyle. That's why we've created a different way of providing home health care. One that's personal and is a shared vision of health between you and us.

What we offer

We provide services after an acute hospital stay, and for patients with chronic illness:

- **Homemaker/Housekeeping:** assistance with cleaning, laundry, cooking or errands
- **Home health aide:** Personal care such as bathing, simple dressing changes, routine exercises and nail care
- **Medication monitoring:** Assures effective and proper use of medications
- **Occupational Therapy/In-home:** Assisting with the daily occupations of life, giving people the skills for living
- **Physical Therapy/In-home**
- **Post operative care:** Assess and monitor health status after surgery
- **Skilled nursing:** Physician-ordered services appropriate for the home setting
- **Wound care:** Simple to complex care
